Upsell to Flex Fare before /after ticketing and upgrade awards

Before Ticketing

- In case the passenger is quite uncertain about out/inbound travel dates, It is a great opportunity to upsell higher Fare Families (e.g. Flex) and rebook the PNR with higher RBD even if the lower RBD has seats available

After Ticketing

- In case the passenger is quite uncertain about out/inbound travel dates, It is a great opportunity of reissuing out/inbound sectors to higher FF (e.g. Flex) even if the original RBD has seats available

Upgrade Awards

- In case the passenger is requesting to use valid upgrade awards redeemed or transferred on/after 02JUL20, please try to persuade the passenger into reissuing inbound sector to higher FF (e.g. Standard) even if the original ticketed RBD has seats available.

Benefits of Upselling higher tiers of Fare family

- Lower or Free date change/refund/no-show fees; cheaper or free seat selection fees; more baggage allowance (e.g. Y/B/M -35 KG) and fast track to elite status with more mileages for higher tiers of fare family and higher commission 😊
